

IBM cloud service

Project Name: Smart Farmer – IoT enabled smart farming application
Team ID : PNT2022TMID19528

This screenshot shows the IBM Cloud dashboard for a user named Kaviya Abarna V. The interface includes a top navigation bar with a search bar and links to Catalog, Manage, and a user profile. The main section is titled "Dashboard" and features a "For you" section with several recommended actions: "Build" (Explore IBM Cloud with this selection of easy starter tutorials and services), "Set up your IBM Cloud account" (Learn how to set up your IBM Cloud account, manage your account settings, organize resources, and control access to those resources), "IBM Watson Internet of Things Platform" (Communicate with connected devices, monitor and analyze data in real time, connect your own IoT apps and add Watson AI to the solution), "Get Started with Watson Studio" (Get started with using AI and Cloud Object Storage in 15 minutes), "Build a web app with Watson Speech to Text" (Deploy a conversational interface compatible with any application, device, or channel), and "Use Knowledge Studio" (Use custom machine learning models to identify entities and relationships that are unique to your industry in unstructured text). Below this, there are sections for "News" (All About IBM Storage's Price and Supply Guarantee, IBM Tech Now: November 7, 2022), "Recent support cases", "Planned maintenance", and "IBM Cloud status". The bottom of the dashboard shows a taskbar with various applications and a system tray with the date and time.

This screenshot shows the IBM Cloud dashboard for a user named Madhumitha Dhanraj. The interface is similar to the first one, with a top navigation bar and a "Dashboard" section. The "For you" section includes recommendations: "Build" (Explore IBM Cloud with this selection of easy starter tutorials and services), "Use Text to Speech" (Convert written text into natural-sounding audio in a variety of languages and voices with Text to Speech), "Set up your IBM Cloud account" (Learn how to set up your IBM Cloud account, manage your account settings, organize resources, and control access to those resources), "Use Speech to Text" (Easily convert the human voice into the written word for voice control, transcription, etc. with Speech to Text), "Create an OpenShift cluster" (Deploy apps on highly available clusters with Red Hat OpenShift on IBM Cloud), and "Get Started with OpenShift" (Install development tools, including CLI, and configure your environment). Below this, there are sections for "User access", "News" (Unified Key Orchestrator Now Supports Easy Multicloud Key Management for Google KMS), and "Planned maintenance". The bottom of the dashboard shows a taskbar with various applications and a system tray with the date and time.

IBM Cloud Dashboard for user2. The dashboard features a sidebar with navigation icons and a main content area. The top navigation bar includes the IBM Cloud logo, a search bar, and links to Catalog, Manage, and the user's account (Gayathri V's Account). The main content area is titled "Dashboard" and includes a "Create resource" button. Below the title, there is a "For you" section with a "Select an option" dropdown. The "For you" section contains six cards: "Build" (Explore IBM Cloud with this selection of easy starter tutorials and services), "Get started with Containers & Kubernetes" (Containers are a standard way to package apps, and their dependencies, to allow seamless movement between environments. Recommended, 30 min), "Set up your IBM Cloud account" (Learn how to set up your IBM Cloud account, manage your account settings, organize resources, and control access to those resources. Getting started, 10 min), "Build a web app with Watson Speech to Text" (Deploy a conversational interface compatible with any application, device, or channel. Getting started, 15 min), "IBM Watson Knowledge Catalog" (Help your data citizens easily find, prepare, understand and use the data they need through an enterprise data catalog & governance platform. Recommended, 2 min), and "Use Know" (Use custo learning n entities at that are u industry ii text. Recommended). Below the "For you" section, there are four cards: "User access" (Manage users), "News" (All About IBM Storage's Price and Supply Guarantee, IBM Tech Now: November 7, 2022, View all), "Planned maintenance" (View all), and "IBM Cloud status" (View all). The bottom of the dashboard shows a Windows taskbar with various application icons and a system tray displaying the date and time (09-11-2022, 09:26).

IBM Cloud Dashboard for jeevitha R's Account. The dashboard features a sidebar with navigation icons and a main content area. The top navigation bar includes the IBM Cloud logo, a search bar, and links to Catalog, Manage, and the user's account (jeevitha R's Account). The main content area is titled "Dashboard" and includes a "Create resource" button. Below the title, there is a "For you" section with a "Select an option" dropdown. The "For you" section contains six cards: "Build" (Explore IBM Cloud with this selection of easy starter tutorials and services), "Set up your IBM Cloud account" (Learn how to set up your IBM Cloud account, manage your account settings, organize resources, and control access to those resources. Getting started, 10 min), "IBM Watson Knowledge Catalog" (Help your data citizens easily find, prepare, understand and use the data they need through an enterprise data catalog & governance platform. Recommended, 2 min), "Build and deploy Node.js apps" (Go from zero to production in minutes with your Node.js applications, integrate with Watson and other services, scale your microservices. Recommended, 15 min), "Build a web app with Watson Speech to Text" (Deploy a conversational interface compatible with any application, device, or channel. Getting started, 15 min), and "Learn about Support Center" (Learn about Support Center and how to assign access to your users. Recommended, 20 min). Below the "For you" section, there are four cards: "News" (All About IBM Storage's Price and Supply Guarantee, IBM Tech Now: November 7, 2022, Unified Key Orchestrator Now Supports Easy Multicloud Key Management for Google KMS, TrustRadius Best Software: Five IBM Offerings, View all), "Recent support cases" (View all), "Planned maintenance" (View all), and "IBM Cloud status" (View all). The bottom of the dashboard shows a Windows taskbar with various application icons and a system tray displaying the date and time (09-11-2022, 11:54).
